YOU WILL NOTE THAT THE COPY "ENVELOPE" LETTERED ACROSS ENVELOPE DRAWING IS NOT centered between the ~~XXXXXX~~ words "Globe" and "Company" and of course customer wants this centered.

COLOR DESCRIPTION

The color of the brick facing is a rust, just a shade lighter than No. 15 on the chart is closest to it. ~~but probably a cross between No. 9 and 11 would be closer to the indicated color~~

~~white~~ The Co. sign across top of building is, of course, white over a black background. The awning as shown over the left front double windows, I believe is dark green. Any good color to blend on that will be o.k.

~~Customer~~ Customer ~~is~~ is leaving to your shops best judgement as to the color that will look best for the bottom ~~white~~ border tint.

The windows are steel casement windows, opening from either top or bottom, and it probably would improve the appearance to have a portion of these open as the plant appears in "action" though this would doubtless add to the art charge and was not requested.

Doors and all woodwork are white and, as doubtless shows on the photograph, the mortar lines between brick show white incase this finer detail will show on reduced size.
